

# Let's talk about **SPARC!**

## Special Parking Alternatives for Redevelopment Centers

### NOW

Created in 2007, the SPARC program provides a mechanism for Businesses and Property Owners to satisfy all or part of their on-site parking requirement by paying a proportionate share of the cost of providing off site public parking and other mobility solutions. This necessary program update will support present and future redevelopment needs.

### GOALS

Encourage multi-modal options, walkability and infill development. Increase leasable business area and green space. Reduce stormwater needs. Create a more livable community with an attractive and efficient urban environment!

### JOIN US!

We welcome your feedback at any of the scheduled public meetings with the Community Redevelopment Agency, all six Neighborhood Advisory Committees, the Local Planning Agency and the Martin County Board of County Commissioners.
